### The Children's Friend.

You'll have a cold this Winter. Maybe you have one now. Your children will suffer, too. For coughs, croup, bronchitis, grip and other Winter complaints, One Minute Cough Cure never fails. Acts promptly. It is very pleasant to the taste and perfectly harmless. C. B. George, Winchester, Ky., writes: "Our little girl was attacked with croup late one night, and was so hoarse she could hardly speak. We have her a few doses of One Minute Cough Cure. It relieved her immediately and she went to sleep. When she awoke next morning she had no signs of hoarseness or croup. W. T. Brooks."

### Stock and Crop.

Catesby Woodford has purchased of Potts & Grimes, 25 feeders, at \$25 per head.

During the last racing year W. C. Whitney's stables won \$104,440, while Jno. E. Madden's winning amounted to only \$102,855.

Turkeys are bringing 6 cents a pound on foot. The crop is about an average one as to quality, but the quality, is not so good as usual. On account of a short corn crop some of them have been stinted in their food.

Turner, near Millersburg, yesterday, as follows: Horses, \$25 to \$70; cows, \$30 to \$35; calves, \$5.25 to \$9.75; 2-year-old steers, \$30.80; yearling steers, \$22.50; sows, \$12 to \$16; pigs, \$1.30 to \$1.70; sheep, \$1.80 to \$5.10 per head; work mules, \$80 to \$71; 1-year-olds and 2-year-olds, \$230.

Elmendorf, the handsome home of Mr. J. B. Hagan, in Fayette, is certainly a wonderland. Mr. Hagan is just finishing his \$250,000 residence, and it is like entering a fairyland to visit the place. The farm contains 5,000 acres, has an electric plant that lights the houses and barns. There is a magnificent laundry and this and the grist mill that grinds the feed for the hundreds of thoroughbreds, short-horn cattle and Shetland ponies is run by electricity. At the porter's lodge is a large crescent of the stars and night is gorgeous in its magnificence. Mr. Hagan is rated at \$80,000,000.

The above named Company, composed of business men of Paris, has recently been incorporated, and for the purpose of developing their oil and mineral leases, offer for sale a limited number of shares of stock.

The Company's holdings consist of leases on nearly 7,000 acres of land, nearly all of which are located in Barren and Allen Counties, Kentucky. Their lands have been carefully selected, some of which adjoin lands on which are Oil wells that have produced for years a very fine grade of oil. Their leases were secured before the present rush and excitement began in those Counties, and are choice lands, and valuable.

Lands, adjacent to Company's, secured recently by Eastern capitalists at large price, are now being developed as fast as machinery can be put on grounds.
